

NHS Collaborative Procurement Partnership (NHS CPP) is the culmination of the collaborative working of four NHS procurement organisations; NHS Commercial Solutions (NHS CS), East of England NHS Collaborative Procurement Hub (EOE CPH), NHS North of England Commercial Procurement Collaborative (NOE CPC), and NHS London Procurement Partnership (LPP).

NHS CPP represents approximately 60% of NHS trusts and influences between £6.0 billion and £7.5 billion of NHS non-pay spend. Working in partnership enables NHS CPP to utilise 40 years of collective experience, expertise, market influence and resources to best effect for the NHS.

## Total Orthopaedic Solutions

Winner of the Value and Improvement in Procurement category at the 2015 HSJ Value in Healthcare Awards, Total Orthopaedic Solutions framework has saved over £18m for 73 NHS trusts since its launch. Over a four year contract period, this equates to a massive saving of £72M for the NHS.

HSJ Value in Procurement award winner 2015

Highly Commended GO Awards 2016/17

Highly Commended for the GO Procurement Innovation or Initiative of the Year Award – Health and Social Care Organisations 2016/17, Total Cardiology Solutions is designed to enable trusts to comply with requirements under the NHS contract to achieve cost efficiencies through improved pricing and commercial opportunities.

## Total Cardiology Solutions

## Clinical Staffing Framework

This agreement provides access, at no charge, to the first National Clinical Staffing framework supporting compliance with NHS Improvement's caps on agency staffing pay and charge rates – a major boon to NHS teams fighting to control spiralling agency staffing costs.

# NHS Collaborative Procurement Partnership

## Theatre Surgery Consumables

This framework agreement will provide a single access solution to a wide range of theatre surgery consumables over seven lots. Alongside the main commercial focus, the framework can explore innovation and development to deliver both efficiencies and improved patient outcomes.

## e-Catalogue & e-Requisitioning Solution

This framework provides all NHS organisations with an opportunity to purchase a best-in-class e-Catalogue and e-Requisitioning system which has been designed by the NHS, for the NHS, with the specific needs of clustered organisations, STPs and collaborative procurement hubs in mind.

## Complete Ophthalmology Solution

This is an ambitious and innovative framework agreement providing for both ophthalmology consumables and capital spend under one access arrangement. Spend can be consolidated over lots covering intraocular lenses, accessories, ophthalmology equipment – including machinery, maintenance and repair.

## Clinical Consumables Framework

This innovative framework will provide a single solution and point of access for NHS organisations to a wide range of clinical consumables. This agreement will deliver value for money, additional benefits and quality outcomes
